MEGSorg, Inc. Membership Form

MEGSorg, Inc. is a non-profit group that works to promote Modular Enhanced Geothermal Energy through three major efforts:

1. Creating a description and marketing materials for the concept of MEGS
2. Soliciting pledges for money that will be used to fund the research and implementation of MEGS

It is possible that a fourth effort will be needed where a MEGScorp is created to bring MEGS into existence to implement the rollout plan determined in item 3 above.
